

# FloLogic Helps Prevent Water Leak Losses

Plumbing supply leaks are a leading cause of damage to MSI customers' homes. FloLogic, a smart leak control device, operates to detect and automatically stop plumbing supply leaks to prevent catastrophic water damage.

## How FloLogic Works<sup>1</sup>

Intelligently protects the entire home, automatically stopping leaks, no matter their location, beginning as small as a pinhole

Provides alerts and enables app-based control of the home's water supply

Installed on the incoming water supply to monitor all water flow

## Features offered by the FloLogic System

- ★ **Comprehensive:** Real time detection of virtually any size leak—beginning at ½-ounce per-minute
- ★ **Connected:** App-based control enables constant oversight of a property from anywhere
- ★ **Versatile:** For all types of homes: Multiple valve sizes (1", 1.5", 2"), rated for outdoor installations, interfaces with irrigation, water treatment, and security systems
- ★ **Premium:** USA-made, cast bronze construction with battery backup during power outages
- ★ **Vigilant:** Automatically shuts off water when leaks or critically low room temps are detected
- ★ **Proven:** The leader in smart leak control since 2000, best-in-class 5-year limited warranty

## FloLogic for MSI Policy Holders

MSI policy holders receive 15% off the list price by entering coupon code **MSI15** at [www.flologic.com](http://www.flologic.com), or by calling FloLogic 877-356-5644 to identify as a policy holder.

### MSI INSURANCE POLICY HOLDER PRICES<sup>2</sup>
